

Your Reservation System To Grow Your Business

What is Pacific:

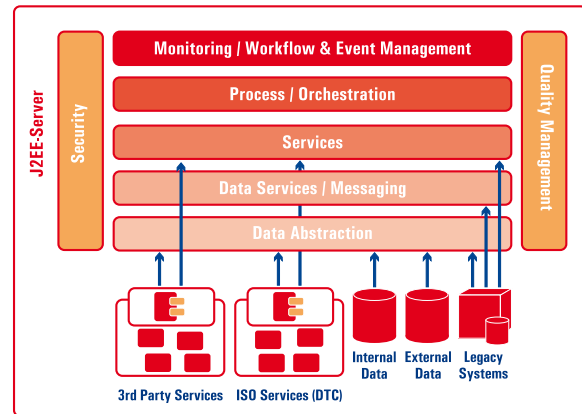

- + Innovative & modern tour operator reservation systems
- + Supports entire tour operator workflow including reservation processing, documents, product management and more
- + Connectivity to suppliers and sales channels available
- + Functionality is highly customizable and components can be added as required
- + Improved usability and new wellknown web interfaces integrated

Why should you decide for Pacific:

- + Fully web-based technology and easy to use interface
- + Flexible setup of base data, products, prices, rules, and more
- + Direct access to all popular GDS
- + Processing module to automate time-consuming tasks
- + Streamline your tour operator business workflows
- + Sell live inventory online throughout multiple channels
- + Sell & manage any product type (flight, hotel, car, coach, transfer, rental, ...)
- + Integrate it easily into your existing IT solution
- + All components are fully supported by ISO North America

Full Client Web Client
